Recipe:

Chocolate cookies

Ingredients:

3 x eggs
90 g of brown sugar
300 g of white flour
140 g of butter
1 x vanilla sugar
1 x teaspoon of baking powder
200 g of chocolate
2 x handfuls of walnuts

Difficulty:

General description and procedure:

- Beat 3 eggs in a bowl and add brown and vanilla sugar.
- Mix the ingredients. The easiest way is to use a food processor for mixing.
- Then add butter at room temperature and a teaspoon of baking powder and mix everything until foamy.
- We gradually add white flour to the dough.
- Chop the walnuts and chocolate (2 regular chocolate bars) into small pieces and sprinkle them into the dough while mixing.
- Place baking paper on a baking sheet and use two spoons to scoop the dough and place the formed cookies on the baking sheet. Cookie dough makes about two pans.

- Bake in the oven at 180° C for about 10 minutes or long enough for the cookies to bake nicely.
